February 2017

Dear Chester County Business Owner

We are excited to launch a new initiative in partnership with local company DOES Co. This initiative combines a cutting-edge interactive community guide that will be distributed throughout Chester County, and digital services through the DOES social network. With support from local partners like you, we will be able to connect with Chester County residents and deliver useful information directly to them.

By supporting this new initiative, your organization will be associated with Chester County government programs and services that many county residents rely upon and enjoy – from voter registration information, restaurant inspection reports and property deed searches to Chester County parks and trails, services for veterans and even marriage licenses.

We encourage you to consider supporting this guide. If you have any questions, please contact Rebecca Brain, Chester County Communications Coordinator, at 610-344-6279 or email rbrain@chesco.org.

Sincerely

Michelle Kichline
